Please check our "white board" for opening days and hours!

- Where it says:

[ - geschlossen - ] : our campground is closed on this particular day. No camping is possible.

[ ----> 16 - 20 Uhr ] : please arrive 4pm earliest, on that day. We are closed until 3:59pm.

- Please schedule your time of arrival matching our opening hours. Late check in after opening hours is not possible, overnight parking not permitted (due to laws): Better schedule arrival for next day.

- check in (arrival) and check out (departure) always just within opening days possible

Please keep in mind that we are not operating at what our camping fans are used to. But due to economic reasons we have to operate our camping business this way. At the moment, and until events at the Nürburgring return in FULL, with no restrictions to customer and all participants.
